

OUTBACK PERGOLA

SHADE AND PROTECTION

OUTBACK PERGOLA

Create an inviting open-air setting that will let the light in and improve the appearance of your home. Ideal for defining and shading an outdoor space for both you and your delicate plants. With massive spans of up to eight metres, it is available freestanding or attached. The beams can be left open or fitted with a range of shadecloth colours and shade levels for varying sun protection. The shadecloth is attached with a special clip for a neat finish. You can even embellish your pergola with optional profiled beam ends.

PERGOLA SHADE BLADE™

For a more permanent option to create natural filtered light, the innovative Shade Blade system is ideal. Designed to attach to your pergola as an angled, fixed blade arrangement, Shade Blade lets the light and breeze in while providing shelter from the sun. The unique blade design has a small gutter to provide protection from light rain. For added privacy, Shade Blade can be installed as a side screen. When used as a side screen, the support post centres should be a maximum of 1.2 metres apart.
