

OUTBACK GABLE

EVER POPULAR PITCHED ROOF CHARM

OUTBACK GABLE

Exhibiting a strong presence and style, the pitched roof of an Outback Gable Verandah, Patio or Carport is endowed with an open feel that will enrich your home and outdoor entertainment area. The Outback Gable is available as a freestanding unit or attached to the home. When you combine it with flat roof or pergola sections then the prominent pitched roof becomes the attractive central hub of your outdoor lifestyle. You can also enjoy natural filtered light by incorporating Outback Rooflites in the Outback Deck. Available in Multispan or Clearspan designs to suit your design choices.

MULTISPAN FOR COLOUR AND LIGHT FLEXIBILITY

An Outback Multispan Gable features purlins that are placed over the rafters in the roof. This supports the cladding, which can be the smooth Outback Deck, light and airy polycarbonate, or classic corrugated steel. The gable roof can span up to 6.6 metres wide on a Multispan design giving you a family-friendly hub.

CLEARSPAN FOR SMOOTH BEAUTY

The Outback Clearspan Gable uses the Stratco exclusive Outback Deck, a remarkably strong roofing material that does not need additional support. The Clearspan Gable can span an impressive 7.5 metres wide. So you will really enjoy your outdoor lifestyle and big family occasions under this magnificent uncluttered gable.

Clearspan for smooth ceiling-like appearance using Outback Deck.

COMPLETE CUSTOMISATION

The Stratco Outback range is designed as a complete customisable package, giving you the freedom to design your own style, shape, size and colour. All Outback designs are supported by in-house engineering and local manufacturing, offering you unrivalled design flexibility.

“ It is hard to imagine a more charismatic and welcoming outdoor living space. ”

Multispan for roofing choice including polycarbonate.
